DRAGON DEFENSE

A K-TEK™ product for ATARI® computer systems

The once shining kingdom of Camelot suffers under the iron rule of Mordred, diabolically evil son of the now dead King Arthur. Fire breathing dragons roam the countryside threatening fiery doom to Mordred's enemies. Camelot's only hope is Guenevere, Arthur's beautiful queen, who awaits the arrival of Merlin the Magician. Merlin has the power to destroy Mordred, but you must use your joystick to guide the old wizard to Guenevere. The journey is full of dangerous obstacles. Look out! Dragon dead ahead! Quick — use your FIREBUTTON to stun the beast and move on. A single touch of the dragon means instant death! Nine levels of play provide continuous challenge.
