

SLIP STREAM

REQUIREMENTS:-

To play Slip-Stream you will require an Amiga computer with 'Kickstart' version 1.2 or higher and a joystick.

THE GAME:-

Your mission is to fly your 'Emerald Fighter' carefully between the towers and destroying the 'POWER CRYSTAL' at the end. There are 9 levels to complete, and once finished you will have rid the empire of the evil 'Alien Race'.

LOADING:-

Insert the disk into the internal drive, switch the computer on, the game will load and run automatically.
