

WELCOME TO TRI Z

From the Main Menu you have many
Options to choose from:

<P>lay Game - Self explaintory...

Enter the game.

<V>iew High Scores - This is the High
Scores list Will you be the Highest!?!

<I>nstructions - This file!!!

<X>Exit - Exits the game

Playing the game

When you enter the game you will be
given the game cards on the screen.
Next you will be prompted with
HIT ANY KEY TO ROLL DICE. Do so.
You will see 5 dice rolled..A B C D E
Just follow the instructions..To hold
the dice (so they aren't rolled the
next roll) Type the Letter of the Die
to HOLD. If you choose that you do not

want the die to be held then Type the
Letter of the die to UNHOLD & it will
do so. If there is an 'H' below the
die then that die is HELD and won't
roll next turn.

After you are done holding your dice
then type 'R' for ROLL You have
three rolls to get your final result.
If you reach that result a bit
sooner then expected then all you have

to do is type 'W' for Write Score.
This will take you to the section in
which you can write your score.

As in all other yahtzee type games the

object is to roll your dice to
fit into categories on your cards.
In this version you are not playing
one game at once you are playing three

games at one time on the same set of
cards. The columns are worth the
total amount of points in that column
times the column number. So the first
column (first game) is total times one

,
Second column (second game) is TOTAL
times two and Third column (third game
)

is TOTAL times three

Choices...

Must roll...

[A] Aces	Only counts 1's
[B] Twos	Only counts 2's
[C] Threes	Only counts 3's
[D] Fours	Only counts 4's
[E] Fives	Only counts 5's
[F] Sixs	Only counts 6's
[G] 3 of A Kind	Must get at least 3 #'s alike
[H] 4 of A Kind	Must get at least 4 #'s alike
[I] Full House	Must get a 2 of a kind & 3 of a kind
[J] Small Straight	Must get 4 numbers in a row
[K] Large Straight	Must get 5 numbers in a row.
[L] Yahtzee!	5 #'s alike
[M] Chance	Any #'s will count

To exit game type 'X'

Thank you for your support
